Subject: Deficient Notice of Intention to Commence Small Mining Operations, Edwin Lister, Bullseye #1 Mine, S/023/0031, Juab County, Utah

Dear Mr. Lister:

The referenced amended Notice of Intention to Commence Small Mining Operations (NOI), received by the Division of Oil, Gas and Mining October 14, 2011, is deficient. Please make the following correction:

Page 4 says you may disturb one or two acres. Please state the maximum number of acres to be disturbed. Otherwise the Division will need to bond for the higher number (two acres).

Enclosed is a replacement page and a form needed to amend your submittal. Once the Division receives the replacement pages and the signed and notarized Reclamation Contract sent to you on June 9, 2011, the new NOI can be approved.

Your cover letter received with the amendment indicates you would like the surety for the Buckskin/Bandstone exploration project, E/023/0056, transferred to the Bullseye #1 mine. The Division agrees that the surety for E/023/0056 can be released and transferred to Bullseye #1 and will be sending a letter to that effect to the BLM. Both of these sureties are held by the BLM, so they will need to coordinate with you how this will be done.

Please contact me at 801-538-5261 or Wayne Western at 801-538-5263 if you have questions about any aspect of this letter. Thank you for your cooperation.

Sincerely,

Paul B. Baker

Minerals Program Manager
